	Provision of community notice boards in the community	No	Implementing specific projects is outside scope of Neighbourhood Plan						Anything else		Public meeting	30/03/2023	
We need a plan that both permits and encourages development but it must be of the right height and architecture, along European lines. We need green corridors and open access green land around Maidenhead. We need a plan that reduces council debt but provides better public services. A lot of outsourced services simply don't provide a good service. So, for example, park and path maintenance	We need a plan that reduces council debt but provides better public services. A lot of outsourced services simply don't provide a good service. So, for example, park and path maintenance is poor. Road maintenance is terrible. Community matters and it is being neglected. So strengthening community should be an objective.	No	Maintenance standards and Council debt are outside scope of Neighbourhood Plan
